

TOWING NOTICE

To the owner of the vehicle with registration: _____

Your vehicle is in violation of section 10.09 of the Willoughby Townes HOA guidelines, which states:

No inoperable motor vehicles shall remain within Willoughby Townes for more than forty-eight (48) hours. The Association in its rules and regulations shall have the power to define what is an inoperable motor vehicle.

Your vehicle has been occupying this parking space for several months with a flat tire, indicating that it is inoperable.

The HOA Board has instructed Collier's Towing to remove this vehicle from the premises if it is not returned to operable condition within 24 hours, or if you (the owner(s)) do not remove it from Old Fifth Circle during that time.

To be considered operable, the vehicle must be capable of moving under its own power and have fully and sustainably inflated tires. Altering the parking location of the vehicle in its current condition will not prevent it from being towed.

In the event that your vehicle is towed, do not seek redress through any member of the WTHOA Board. Direct your inquiries to Collier's Towing.

The WTHOA Board
